

Planting Seeds

...in the ground, in minds, and in hearts.

Growing Food

...that is restorative to air, water, soil, and bellies.

Eating Together

...in the garden, in the kitchen, and at the table.

Giving Abundantly

...back to the Creator, Redeemer, and Sustainer, who gives everything to us!

Keipos uses food, farming, and education to transform lives.

We plant seeds, grow food, eat together, and give abundantly. In the garden, in the kitchen, and at the table - with hands-on and classroom education - we provide youth programs, distribute produce supplied by our five community gardens and 5-acre farm, hosting events, internships, and tours, with volunteer/team/group opportunities.

Our mission is to participate in the healing of people and place.

Then the angel showed me the river of the water of life, bright as crystal, flowing from the throne of God and of the Lamb through the middle of the street of the city; also, on either side of the river, the tree of life with its twelve kinds of fruit, yielding its fruit each month. The leaves of the tree were for the healing of the nations. (Rev 22:1-2)

We welcome ALL to the table to experience the life-giving love of Christ.

At the table, all are equal. It is where bodies are nourished and, more importantly, stories are shared and hearts can move towards healing. This is why we find such weight in the words **GROW. EAT. GIVE.**

We **grow** food, yet we ourselves grow. We **eat**, sharing the table with those from all walks of life. And then we **give** from the abundance in the garden and in our hearts.

We hope to continue this work through the generosity of our community partners.
